

Have you ever wanted to learn more about the Bible and Christian ministry, but don't have the time or money to do formal training? Then Arena Ministry School is for you!

We recognise that we live in very complex days with a fracturing of society and denial of age old truths and values, yet the gospel is still "the power of God unto salvation" and there are many people to be reached. We also know that it is often difficult for people to commit to residential training over considerable time due to many other demands and commitments.

Arena Ministry School is seeking to bridge that gap, taking people further than what Sunday ministry can provide, digging deeper foundations and empowering people into their specific ministry call and destiny. Join with us on this exciting teaching training adventure and let's see what the Lord will do!

Phil Pye, the Teaching Pastor of Arena Church, pioneered the Arena Ministry in 2019 and the school has already trained scores of people in active Christian Ministry. The school this year will be led by Nathan Butcher.

Nathan Butcher and his wife Joanna are the Small Group Pastors of Arena Church and Nathan is a Mathersey Hall Bible College graduate. He has a special passion for teaching and for empowering people in learning more about the Bible and finding their purpose in God.

Kristian Thorpe is Lead Pastor of Arena Church, he is a pioneering "big picture" leader that has seen numbers of church campuses develop alongside an incredibly effective community programme that touches thousands of people. Kristian is passionate about the timing and relevance of Arena Ministry School.

Both Nathan and Kristian will be bringing a lead to the Arena Ministry School 2024.

Arena Ministry School will begin on Thursday evening February 1st 2024

It will run on twelve Thursday evenings from 6.30pm - 9.30pm.

The content will include Doctrine, Applied Theology, Life Inspiration and many more relevant Ministry subjects.

Alongside Nathan and Kristian numbers of other Christian leaders, trainers and teachers will be bringing their contributions from their rich experience, insights and particular gift emphasis.

The heart of the School is to engage the head but always with the intention of touching the heart; deepening the discipleship journey in everyone. There will be instruction and inspiration and most crucially impartation - this season promises to be life changing!

The cost is £99 in total (less than £10 per evening) and there is also a reduction for married couples.

This can be paid over a period of time. We do not want costs to prohibit the right people from being in the school so please contact us if this is an issue.

Please consider carefully whether this is the next step for you in your developmental journey. If you would like to book a place or have any further enquiries then please contact Nathan Butcher - nathan.butcher@arenachurch.co.uk

*Reflections from students of
Arena Ministry School:*

“Exciting, educational, enlightening,
enlarging, equipping.”

-Julie

“An indispensable tool - for anyone wanting
to be involved in ministry.”

-Lisa
